NOTES TO FINANCIAL STATEMENTS

Note 1 – Summary of Significant Accounting Policies and Going Concern

A. Accounting Practices

The accompanying financial statements of United Guaranty Residential Insurance Company of North Carolina (the "Company") are presented on the basis of accounting practices prescribed or permitted by the North Carolina Department of Insurance (the "Department").

The Department recognizes only statutory accounting practices prescribed or permitted by the state of North Carolina (the "State") for determining and reporting the financial condition and results of operations of an insurance company and for determining its solvency under the North Carolina insurance law. The National Association of Insurance Commissioners' (NAIC) Accounting Practices and Procedures manual (NAIC SAP) has been adopted as a component of prescribed or permitted practices by the State.

There are no changes in surplus in the accompanying financial statements due to differences between the state of North Carolina prescribed accounting practices and those of the NAIC. Reconciliations of net income and policyholder's surplus between the amounts reported in the accompanying financial statements (NC Basis) and NAIC SAP follow:

C. Accounting Policy

(2) Basis for Bonds, Mandatory Convertible Securities, SVO-Identified Investments and Amortization Method

Bonds, loan backed and structured securities ("LBaSS") with an NAIC designation (as obtained from the NAIC Investment Analysis Office ("IAO")) of "1" or "2" (considered to be investment grade) are carried at amortized cost. Bonds and LBaSS with an NAIC designation of "3", "4", "5", "5G1", "6" or "6*" (considered to be non-investment grade) are carried at the lower of amortized cost or fair value. LBaSS fair values are determined using independent pricing services and broker quotes. Bond and LBaSS securities are assigned a 5* designation when the following conditions are met: a) the documentation required for a full credit analysis did not exist, b) the issuer/obligor has made all contracted interest and principal payments, and c) an expectation of repayment of interest and principal exists. Bonds and LBaSS that have not been filed and have not received a designation in over a year, from the NAIC IAO, are assigned a 6* designation and carried at zero, with unrealized losses charged to surplus. Bond and LBaSS securities that have been filed and received a 6* designation can carry a value greater than zero. Amortization of premium or discount on bonds and LBaSS is calculated using the effective yield method.

Additionally, mortgage-backed securities and asset backed securities prepayment assumptions were obtained from an outside vendor or internal estimates. The retrospective adjustment method is used to account for the effect of unscheduled payments affecting high credit quality securities, while securities with less than high credit quality and securities for which the collection of all contractual cash flows is not probable are both accounted for using the prospective adjustment method.

Due to the size and breadth of this pandemic, all of the direct and indirect consequences of COVID-19 are not yet known and may not emerge for some time. The pandemic could have a significant effect on the Company's business, results of operations, and current and future financial performance. The Company may experience higher levels of loss and claims activity, and premiums written and earned could also be adversely affected by a suppression of global commercial activity that results in a reduction in insurable assets and other exposure. Conditions of the financial markets resulting from the virus may have a negative effect on the value and quality of the assets held within the Company's portfolio of invested assets, thereby adversely affecting investment income and increasing credit and related risk. In addition, COVID-19 could materially disrupt the business operations of third parties with whom the Company interacts. Governmental, regulatory and rating agency responses to the
