## NOTES TO FINANCIAL STATEMENTS

### Note 1 – Summary of Significant Accounting Policies and Going Concern

#### A. Accounting Practices

The accompanying financial statements of United Guaranty Residential Insurance Company (the "Company") are presented on the basis of accounting practices prescribed or permitted by the North Carolina Department of Insurance (the "Department").

The Department recognizes only statutory accounting practices prescribed or permitted by the state of North Carolina (the "State") for determining and reporting the financial condition and results of operations of an insurance company and for determining its solvency under the North Carolina insurance law. The National Association of Insurance Commissioners' (NAIC) Accounting Practices and Procedures manual (NAIC SAP) has been adopted as a component of prescribed or permitted practices by the State.

There are no changes in surplus in the accompanying financial statements due to differences between the state of North Carolina prescribed accounting practices and those of the NAIC. Reconciliations of net income and policyholder's surplus between the amounts reported in the accompanying financial statements (NC Basis) and NAIC SAP follow:

#### C. Accounting Policy

##### 2) Basis for Bonds, Mandatory Convertible Securities, SVO-Identified Investments and Amortization Method

Bonds, loan backed and structured securities ("LBaSS") with an NAIC designation (as obtained from the NAIC Investment Analysis Office ("IAO")) of "1" or "2" (considered to be investment grade) are carried at amortized cost. Bonds and LBaSS with an NAIC designation of "3", "4", "5", "5GI", "6" or "6\*" (considered to be non-investment grade) are carried at the lower of amortized cost or fair value. LBaSS fair values are determined using independent pricing services and broker quotes. Bond and LBaSS securities are assigned a 5\* designation when the following conditions are met: a) the documentation required for a full credit analysis did not exist, b) the issuer/obligor has made all contracted interest and principal payments, and c) an expectation of repayment of interest and principal exists. Bonds and LBaSS that have not been filed and have not received a designation in over a year, from the NAIC IAO, are assigned a 6\* designation and carried at zero, with unrealized losses charged to surplus. Bond and LBaSS securities that have been filed and received a 6\* designation can carry a value greater than zero. Amortization of premium or discount on bonds and LBaSS is calculated using the effective yield method.

Additionally, mortgage-backed securities and asset backed securities prepayment assumptions were obtained from an outside vendor or internal estimates. The retrospective adjustment method is used to account for the effect of unscheduled payments affecting high credit quality securities, while securities with less than high credit quality and securities for which the collection of all contractual cash flows is not probable are both accounted for using the prospective adjustment method.

- (6) Basis for Loan-Backed Securities and Adjustment Methodology  
Refer to Note 1.C (2) above.

#### D. Going Concern

- (3) Recognized OTTI securities  
Not Applicable

## NOTES TO FINANCIAL STATEMENTS

- (4) All impaired securities (fair value is less than cost or amortized cost) for which an other-than-temporary impairment has not been recognized in earnings as a realized loss (including securities with a recognized other-than-temporary impairment for non-interest related declines when a non-recognized interest related impairment remains):

a. The aggregate amount of unrealized losses:	1. Less than 12 Months	\$ 12,282,894
	2. 12 Months or Longer	\$ 70,087
b. The aggregate related fair value of securities with unrealized losses:	1. Less than 12 Months	\$ 200,321,054
	2. 12 Months or Longer	\$ 2,172,183

- (5) Information Investor Considered in Reaching Conclusion that Impairments are Not Other-Than-Temporary  
In accordance with SSAP No. 43R, Loan-backed and Structured Securities – Revised, the Company's loan-backed securities are stated at amortized cost. When evaluating whether a decline in value is other-than-temporary, the Company considers several factors, including, but not limited to, the following: The extent and the duration of the decline in value; The reasons for the decline in value (credit event, interest related or market fluctuations); The financial position and access to capital of the issuer, including the current and future impact of any specific events; Our intent to sell the securities, or whether it is more likely than not that we will be required to sell it before recovery; and the financial condition and near term prospects of the issuer. Impairment due to deterioration in credit that results in a conclusion that the present value of cash flows expected to be collected will not be sufficient to recover the amortized cost basis of the securities is considered other-than-temporary. Other declines in fair value (for example, due to interest rate changes, sector credit rating changes or company-specific rating changes) that result in a conclusion that the present value of cash flows expected to be collected will not be sufficient to recover the amortized cost basis of the security may also result in a conclusion that an OTTI has occurred. To the extent that the Company determines that a security is other-than-temporarily impaired, an impairment loss is recognized in the Statement of Income.

**Note 21 – Other Items**

A. Unusual or Infrequent Items

On March 11, 2020, the World Health Organization declared the outbreak of the novel coronavirus COVID-19 a global pandemic, which continues to impact the global economy, financial markets, as well as, the Company's results of operations. Due to the size and breadth of this pandemic, all of the direct and indirect consequences of COVID-19 are not yet known and may not emerge for some time. The pandemic could have a significant effect on the Company's business, results of operations, and current and future financial performance. The Company may experience higher levels of loss and claims activity, and premiums written and earned could also be adversely affected by a suppression of global commercial activity that results in a reduction in insurable assets and other exposure. Conditions of the financial markets resulting from the virus may have a negative effect on the value and quality of the assets held within the Company's portfolio of invested assets, thereby adversely affecting investment income and increasing credit and related risk. In addition, COVID-19 could materially disrupt the business operations of third parties with whom the Company interacts. Governmental, regulatory and rating agency responses to the COVID-19 pandemic may also adversely affect the Company's financial performance and the ability to conduct business as in the past.

The Company expects the pandemic to result in a material increase in new defaults as borrowers fail to make timely payments on their mortgages, including as a result of entering mortgage forbearance programs that allow borrowers to defer mortgage payments, which may impact our eligible insurers' ability to remain compliant with the Private Mortgage Insurers Eligibility Requirements financial requirements. On March 18, 2020, the Federal Housing Finance Agency directed Fannie Mae and Freddie Mac (the "GSEs"), the primary purchasers of mortgages insured by the Company, to suspend foreclosures and evictions for at least 60 days and to provide payment forbearance to borrowers impacted by COVID-19. On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") was enacted. The CARES Act suspends foreclosures and evictions for at least 60 days from March 18, 2020, on mortgages purchased or securitized by the GSEs. In addition, the CARES Act provides for payment forbearance for up to 360 days to borrowers experiencing a hardship during the COVID-19 emergency. Consistent with the CARES Act, the GSEs will provide a forbearance plan to any borrower who requests a forbearance with an attestation of the financial hardship caused by the COVID-19 emergency; and no additional documentation other than the borrower's attestation to a financial hardship caused by the COVID-19 emergency is required. It is unclear how many borrowers will obtain forbearance plans, the length of assistance borrowers will require, and whether borrowers will be able to resume their mortgage payments thereafter. Increases in unemployment as well as borrowers entering into forbearance plans will result in higher notices of delinquency which may have an adverse impact on our results or operations. In addition, as a result of COVID-19-related relief programs, the defaults related to the pandemic, if not cured, could remain in our defaulted loan inventory for a protracted period of time, potentially resulting in higher levels of claim severity for those loans that ultimately result in a claim.

**Note 22 – Events Subsequent**

On July 1, 2020, the Company entered into an excess of loss reinsurance agreement with Bellemeade RE 2020-1 Ltd., effective June 30, 2020

Subsequent events have been considered through August 7, 2020 for these statutory financial statements which are to be issued on August 7, 2020.

Incurred loss and loss adjustment expenses attributable to insured events of prior years increased by \$5.5 million and decreased by \$19.9 million for the six months ended June 30, 2020 and 2019, respectively, as a result of re-estimation of unpaid losses and loss adjustment expenses. The change is generally the result of ongoing analysis of recent loss development trends.
